

## DISCIPLINE POLICY

The primary approach used to maintain appropriate behavior is positive reinforcement. Learn and Play applies the following methods of discipline in addition to positive reinforcement.

1. The first approach used toward minor negative behavior is a verbal warning. If negative behavior is severe, parents will be notified.
2. The second step is time-out.
3. Parents are notified if a child continuously exhibits disruptive behavior.
4. The director reserves the right to dismiss a child:
  - a. that is uncontrollable,
  - b. physically or emotionally threatening to himself or others,
  - c. that requires an excessive amount of attention,
  - d. or a parent whose needs we are unable to meet.

I / we have read and understand the Discipline Policy of the Learn and Play After School Program and grant the Director and staff members permission to use the policy.
